6400 Linderson Way SW
Tumwater, WA 98501

What you'll learn

The Fundamentals of Real Property Appraisal is designed to provide the students with an understanding and working knowledge of the procedures and techniques required to estimate the market value of vacant and improved properties. This course concentrates on the skills necessary for estimating the market value of properties using two approaches to value: the cost approach and the sales comparison approach. The Fundamentals of Real Property Appraisal utilizes lectures, classroom discussion, and homework problems to emphasize the main concepts and procedures taught in the course.
